White fit for cause

■ **SILVANA PHILIPPOUSSIS** stepped out yesterday with eight month-old daughter **MAIA** in support of the Ovarian Cancer Research Foundation.

The Philippoussis family moved back from the US last month.

She was at the Monash Health and Hudson Institute of Medical Research in Clayton, alongside other guests including **TEGAN MARTIN** and **OLIVIA ROGERS** (pictured right).

Retailer Witchery has teamed with OCRF to launch their annual White Shirt Campaign, with 100 per cent of proceeds going to the cause.

The OCRF White Shirt Day and World Ovarian Cancer Day are on May 8.
