

Join us for virtual international LGBT+ STEM Day celebrations

Learn more about the Hudson Institute Ally Network and hear from guest speakers about the importance of diversity and inclusion in STEM and the role of allies.

Dr Mohammad Taha

Dr Mohammad Taha (They/Them) is the co-chair of the Victorian chapter of Queers in Science, a researcher at the Melbourne School of Engineering and a non-binary queer person of colour. Dr Taha is a dedicated scientist engineering materials to tackle our climate challenges, an enthusiastic reader, writer, an aspiring film-maker and an advocate for queer rights generally and people of colour specifically

Dr Hannah Brown

Dr Hannah Brown (She/Her) is an Adelaide born and educated, internationally trained, researcher-turned-leader and communicator who leads Science Strategy and Operations at the Victorian Heart Institute. Having trained and worked as an academic, she now sits at the interface between science and the public, helping to turn ideas into impact through storytelling. She believes that creating clear and consistent narrative, engaging broadly with consumers, authenticity, integrity and humour are the keys to effective communication.

Talks will be followed by a Q&A panel discussion

Become a Hudson Ally!
